

REPORT

From the Supervisor –
Kathy Penner

Welcome... and Thank You!

Township Welcomes Three New Trustees

The election held in April brought some changes to the Board of Trustees at Wheeling Township. Three new Trustees were elected, as was a new Assessor. Additionally, **Supervisor Kathleen Penner, Clerk Joanna Gauza** and **Trustee Patricia Kozicki** were all re-elected.

The three recently elected Trustees are: **Jeanne Hamilton, Joseph Murglin, and Darrel Talken**. While the three of them bring different points of view and unique strengths to their positions on the Township Board, they all share the attribute of being first-time elected officials. A warm welcome to Trustee Hamilton, Trustee Murglin, and Trustee Talken.

The re-elected Board Members and new Trustees were sworn in by the Hon. Steven A. Kozicki at a special ceremony in May. Their terms are for 4 years.

At the April election, outgoing Trustee **Ken Jochum**, was elected to the position of Assessor. He will assume the role after being sworn in at the beginning of 2022. Thank you Trustee Jochum, and good luck in your new role as Assessor.

2022 ELECTIONS & VOTER REGISTRATION

Although we just completed the Consolidated General Election this past April, in 2022, we will have primaries in the spring and the General Election on November 8, 2022 for Governor, the State Legislature, and Congress. Currently, the primary date has not yet been set. If you want to vote in these 2022 elections and avoid the last-minute rush, now is a good time to make sure you are registered.

DO YOU NEED TO REGISTER TO VOTE? If you are not registered, have just moved into the Township, *have moved to another residence in the Township*, or changed your name, you need to register to be able to vote in the 2022 elections. Registering to vote has never been easier or more convenient. You can register online, in person, or you can download registration forms and register through the mail. Below is information on all the ways:

1. Register to Vote at Wheeling Township. You'll need two forms of identification (one showing your current address), to be a citizen

of the United States, be 18 years of age or older by the primary election date in 2022, and have lived in the Township for at least 30 days before the election. For naturalized citizens, you must prove the date of your naturalization.

2. Register Online. If you have an Illinois driver's license or state ID, you may register online at www.cookcountyclerk.com/agency/register-vote. If you do not have a driver's license or state ID, go to the same website and complete the form online, print, sign and mail it to the address on the application. If you register by mail, you must bring a valid state issued picture identification when you vote for the first time.

Voting: 1) it is your democratic right; 2) Representation drives change; and 3) Every vote counts. Be sure you're registered to vote.

Welcome... and Thank You!

Township Welcomes Three New Trustees...

(continued from front page)

I am especially grateful to outgoing Trustees **Ruth O'Connell** and **JoAnne Schultz** for their years of service and dedication. Trustee O'Connell served 20 years; Trustee Schultz served 17 years. Their insight, guidance, commitment, and support of the Township's programs will be felt and missed by all. *Thank you, Trustee O'Connell and Trustee Schultz!*

Lastly, all of us at the Township remain grateful and humbled by the amount of donations – *both financial and physical* – we continue to receive. A special thanks to the **Arlington Heights Noon Rotary** for their continued support of the Food Pantry with weekly eggs and cheese, their recent donations of non-perishable food and gift cards. Thanks to you, our residents in need always know they have a place to turn for assistance.

Wheeling Township bids farewell to long-serving Trustees Ruth O'Connell and JoAnne Schultz

Hon. Steven A. Kozicki swears in new Trustees Darrel Talken, Jeanne Hamilton and Joseph Murglin.

WHEELING TOWNSHIP ROAD MANAGEMENT...

Help Keep Drainage Ditches Clean and Flowing...

The unincorporated areas of Wheeling Township use ditch and culvert systems to handle drainage. They are designed to collect and transport surface water runoff from road pavement, private storm drainage lines, and adjoining lots with swales. To function properly, these ditch and culvert systems depend on mutual Township and property owner cooperation. The Township is responsible for maintaining drainage pipes that convey water under roadways and the storm water basins they drain into.

Residents in the unincorporated areas of the Township are responsible for their driveway apron and the culvert that runs beneath it. This means it's the homeowner's responsibility to keep their driveway culvert pipe clear of obstructions, which allows storm water to flow freely. Assuming it's done frequently, water pressure from a garden hose or the use of a leaf blower should be sufficient to clear a culvert of debris. Lawn clippings and leaves should be collected and removed. If lawn waste or landscape debris becomes packed, a contractor with more powerful "jetting" equipment may be needed.

Residents who reside in unincorporated Wheeling Township are responsible for maintaining the lawn in their ditch(es). It's recommended to rake out lawn clippings and leaves, and remove trash, brush and weeds on a weekly basis.

Maintaining proper grass covering in the ditches is vital in order to prevent soil erosion and the transport of sediment downstream (which could accumulate and clog culverts and drainage pipes).

This mutual Township and resident cooperation will ensure that the entire drainage system operates at its maximum capacity for the benefit of both you and your neighbors, and help keep costly drainage system and road repair costs to a minimum.

If you see any ditch-dumping, or have questions, please contact the Highway Manger, Mark Toberman, or Township Administrator Regina Stapleton at 847-259-7730.

WHEELING TOWNSHIP FOOD PANTRY

A Return to Pre-Pandemic Client Shopping

We're pleased to announce that the Wheeling Township Food Pantry returned to its pre-pandemic "Client Choice Model" of shopping on June 1, 2021. Throughout the entire pandemic, the Wheeling Township Food Pantry never closed its doors! Rather, safer methods of food distribution were adopted. From mid-March, 2020, to the end of July, 2020 – while information regarding how the COVID-19 virus could be transmitted was constantly changing – pre-packed bags of food were provided to those in need. Starting in August, 2020, a hybrid method was used; which asked recipients to choose desired items from a list and wait while a volunteer food pantry crew member packed it for them.

The hybrid method remained in place until our return to Client Choice Shopping on June 1, 2021. In preparation for our clients' return, safety precautions were put into place, such as a plexiglass shield for the "cashier," a hand sanitizing station, and signage to remind recipients to keep a safe social distance from others while shopping. A new area for bagging groceries after shopping was also established in order to avoid congestion at the checkout desk.

Wheeling Township's ability to remain open and productive throughout the pandemic can be summed up in one word: Community. Last year, during May, June and July, the Pantry experienced an enormous increase in distributions (over 50% more than during those same months in 2019). A 'distribution' refers to a household, which may be comprised of one or more persons. While distributions increased

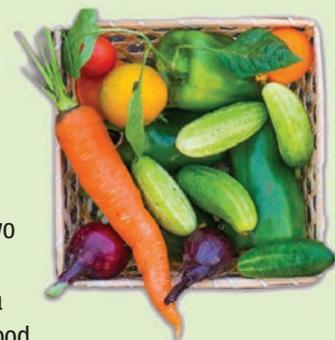

during that time, what was more significant was the increase in the household/family size requesting the food. Thankfully, community donations poured in to rescue thinning shelves and prevent them from being left bare. Community is also what kept the food pantry working physically, with the dedicated volunteer food pantry crew continuing to come in to work their weekly shifts. Community is additionally reflected in the relationship the Wheeling Township Food Pantry has with the Greater Chicago Food Depository (GCFD), which used grant funding to waive food purchase costs during the pandemic! GCFD partners with Township staff to provide SNAP (Supplemental Nutrition Assistance Program, formerly called Food Stamps) applications online to residents unable to apply on their own. Because no pantry distribution alone is enough to sustain a family, SNAP benefits are a vital part of fighting food insecurity.

During 2020, there were 4,978 pantry distributions overall. Those distributions fed 11,746 people, of which, 2,836 were children. The largest age group using the pantry is over 62, representing 41% of the total visits. *Thank you to the entire community for the support.*

Are You a Gardener?

DONATE TO THE TOWNSHIP'S GIVING GARDEN

Summer is in full swing and gardens are in bloom! As you tend to your home garden, please consider planting an extra row or two for the Wheeling Township Food Pantry. Donations of garden-fresh vegetables are a welcomed addition to the non-perishable food items from the Pantry. Many Pantry recipients are unable to have a garden because of where they live. Having a locally grown, perfectly ripened tomato is a healthy alternative to canned vegetables and is a wonderful treat.

Fresh veggies and fruits are welcomed by Wheeling Township in the Supervisor's Office Monday through Thursday, from 9:00am until 4:30 pm. Items need not be washed; however, please remove all loose dirt and lingering insects prior to dropping off.

If you need food, or know someone who does, please call the Wheeling Township General Assistance Department at 847-259-7730.
